CLUB DE RECREIO STILL
HEAD THE LEAGUE.SOUTH CHINA SECURE THEIR
FIRST LEAGUE POINT.

DEFEAT OF THE R.A. RES.

The games were keenly contested this week, the K.O.S.B.'s Reserves having a runaway win against the Recreio Reserves at King's Park. A fine game was witnessed by thousands of spectators on the H.K.P.C. ground between the R.A. and China Athletic.

South China caused a surprise by taking a point from H.M.S. Tamar on the Garrison ground.

The Boy Scouts and China "A" match in the "B" division ended in a fiasco after three players had been ordered off.

RESULTS IN BRIEF.

The Hong Kong League games played on Saturday resulted as under—

Division I.
Club de Recreio v. K.O.S.B.'s 1
H.K. Club 1
R.A. v. China Athletic 1
H.M.S. Tamar v. South China 1

Division II. "A."
K.O.S.B.'s Res. v. Club de Rec. Res. 1
St. Joseph's v. China Ath. "B" 0
Kowloon Res. v. R.A. Reserves 0
H.K. Club Res. v. South China Res. 1

Division II. "B."
H.K. & S. Bank v. Kowloon "B" 0
China Ath. "B" v. South China 2
China Ath. "A" v. Boy Scouts 1

The following games were not played—
Division II. "A"—University v. China Athletic.

Division II. "B"—St. Joseph's Res. v. Moslem Club.

DIVISION I.

R.A. v. China Athletic.

These teams met on the Hongkong Club ground before a large crowd, the stands being filled and the Leighton Hill slopes packed. A good game was expected and the play of the teams was a credit to them both. The weather was ideal. Chan Kwong In opened the game with a run down the wing but Philpotts clearing sent the R.A. right away and Leach sent the ball into the net, Pau Ka Ping having rushed out to tackle Philpotts. Several tussles between Lam Yuk Ying and Leach, the respective captain, were a feature of this part of the game and the China centre half gave Leach very little rope. China were not long in arrears for Chan ended up a wing run by passing to Suen who beat Stanton with a fine shot. Several corners fell to both teams but there was no further scoring before the interval. Half-time R.A., 1; China Athletic, 1.

From the restart, the R.A. attacked and from a corner Philpotts missed by inches. Stanton in goal was severely tested, but kept his charge intact. An exciting incident was when Wong lobbed the ball in the goalmouth and Stanton fell in catching it. A struggle on the goal line ended with the R.A. being awarded a free kick. The final stages of the game were well fought out and when the final whistle sounded the teams were equal. Final scores, R.A., 1; China Athletic, 1.

Hong Kong Club v. Hong Kong Police.

St. Joseph's ground got the better of two well balanced teams in this league game, and in fact this ground is not yet fit for league games. It is very lumpy and the ball on bouncing shot off at uncertain angles. The Police had rearranged their forward line, Simpson playing in the centre, with Orm and Forbes as insides. Sherry, a newcomer, partnered Wynne at back and showed great promise. The game was keenly contested, the only goal coming from Linaker in the first half. Rodger and Clarke did well in their respective goals. The Police played up strongly in the later stages and were unlucky in not securing the equaliser, for once they netted but were ruled offside.

The teams—
Club—G. Rodger; Summers and McBride; Brown, Stewart and Watson; Taylor, Howard, Linaker, Hanson and Alexander.

Police—Clarke; Wynne and Sherry; Brittain, Hudson and Jessop; Cornwall, Orm, Simpson, Forbes and Noonan.

South China v. H.M.S. "Tamar."

The Tamar depending on the side that beat the Police last week by a five to one margin, drew with South China on the Garrison ground. South China showed great improvement in their defence, and Lau Hing Cheung gave a fine display of goalkeeping. The nippy South China forwards did well in the open but failed to pass the defence of McCormick and Murphy. South China had the better of the game in the opening twenty minutes but failed to score. The Tamar improved and took the lead through Northey before the interval. Half-time, Tamar, 1; South China, 0.

Club de Recreio v. K.O.S.B.'s.

At King's Park, the Club de Recreio maintained their unbeaten record but they were somewhat lucky. The K.O.S.B.'s arrived without McCollin, their star forward, and Alexander was outside left in place of Craig who was injured at Sookunpoo last week. In the opening minutes of the game Locherbie scored with a shot that Silva failed to see. Soon after Gosano set his men on the go, and Fortes meeting a capital centre gave Anderson no chance with a splendid header. Half-time, one all.

Give and take play was order in the second half, but the defence held the upper hand. When the spectators had settled down to a drawn game, Anderson came out to clear from Fortes but Silva gained possession and sent the ball into the net. Gosano converted from a penalty just on time, the home team winning by three goals to one.

DIVISION II. "A."

Hong Kong Club Reserves v. South China Reserves.

This game on the Club ground was keenly contested and with a little more shooting practice, the Club would have won by a larger margin. South China forwards were very nippy, but Hill and Purvis were fairly safe at back and Panchon played well in the middle line. Bell was good but should have made more headway when in possession. The first goal came from his centre, Campbell scoring. Half-time the Club were leading by this goal to nil. White scored for the Club early in the second half but South China converted a penalty awarded against Vickers. Yau Ting Y. took the kick and Slipper cleared but the kick had to be taken again and this time the South China player beat Slipper. The final whistle sounded leaving the Club winners by two goals to one.

K.O.S.B.'s Reserves v. Club de Recreio Reserves.

At King's Park, the Recreio fared badly against the K.O.S.B.'s losing by six goals to one. Stock opened the score and before the interval had put the K.O.S.B.'s further ahead. Innes scored from a penalty and Crowley scored the Borderers fourth goal. Pereira ended a solo run by scoring for the Recreio. Crowley and Stock added further goals leaving the Borderers winners by six goals to one.

Kowloon Reserves v. R.A. Reserves.

Playing at Kowloon, the Gunners lost their unbeaten certificate going down on the Railway ground to the home team by two clear goals. Play was fairly even in the first half and the score sheet blank. Vickers turned a centre from Duncan past Toms and opened the score. Muir got away on the wing and from his centre Coates scored, Kowloon winning as stated.

St. Joseph's v. China Athletic "B."

China "B" played ten men against St. Joseph's on the College ground and before the interval had put the Gunners ahead by three clear goals, all scored in the opening half. R. M. Omar opened the score and added another before the interval. Kent also scored for St. Joseph's. In the second half the College team were on top but they failed to add to their interval score.

DIVISION II. "B."

Boy Scouts v. China Athletic "A."

This "B" division game brought out the ill feeling existing between some of the junior players in the Chinese combination with the result that three of the players received marching orders and should be prevented in future from having a chance to repeat their performances. The crowd also got out of hand and rushed on to the field. The game ended in a draw of one goal all.

China Athletic "B" v. South China.

On the South China ground, China Athletic led at the interval by four clear goals. Leung Tai Fong, who played at centre-half for a good number of seasons for South China senior team, scored the four goals. After the change of ends, South China had more of the game and Tsang Chong and Tsang Shiu scored. In the Bank Kowloon game, Nicholls scored twice for Kowloon and Gosano (2), Remedios and Oliveira for the Bank.

CONSTITUTION OF THE BRITISH EMPIRE.

IMPERIAL CONFERENCE RECOMMENDATIONS.

IMPORTANT RULINGS ON FOREIGN AND DEFENCE POLICIES.

The Inter-Imperial Relations Committee report drawn up by the Prime Ministers attending the Imperial Conference, and approved by all members of the Conference, while not recommending any profound changes clears up several constitutional problems.

The Dominions and Great Britain, the report states, are to be regarded as autonomous communities, in no way subordinate one to another, but united by common allegiance to the Crown.

The Governor-General of a Dominion is to occupy the same position constitutionally as the Monarch in Great Britain. In future Governments will communicate directly and not through the Governor-General, who is to be entirely independent of the British Government.

Each Dominion is to make its own arrangements governing appeals from its own courts to the Judicial Committee of the Privy Council.

The power of a Dominion's Government to send diplomatic representatives to any foreign court or government is recognised.

The whole document emphasises that the British Empire is a free union of autonomous nations, united under one crown and by considerations of sentiment, similarity of race and customs, and interdependent commercial interests.

[BRITISH WIRELESS SERVICE.]

Rugby, November 20th.

The Political results of the Imperial Conference are gathered together in a long report of the Inter-Imperial Relations Committee of Empire Prime Ministers which the Conference unanimously approved yesterday and is now published. No fundamental constitutional changes are recommended but hope is expressed that the report will lay the foundation whereon subsequent conferences may build.

Dealing with the status of Great Britain and the Dominions the committee at the outset the view is expressed that nothing would be gained by attempting to lay down a constitution for the Empire. Its widely scattered parts have different characteristics and histories and are at different stages of evolution, while considered as whole it defies classification and bears no real resemblance to any other political organisation which now exists or has ever yet been tried.

There is, however, one most important element in it which from the strictly constitutional point of view has now, as regards all vital matters, reached its full development, namely, a group of self-governing communities composed of Great Britain and the Dominions. Their positions and mutual relation may be readily defined. They are autonomous communities, the British Empire, equal in status and in no way subordinate one to another in any aspect of their domestic or external affairs though united by common allegiance to the Crown and freely associated as members of the British Commonwealth of Nations. Such a formula might tempt a foreigner to think that it was devised rather to make mutual interference impossible than to make mutual co-operation easy, but this criticism ignores the historic situation. That tendency towards equality of status was both right and inevitable. Geographical and other conditions made this impossible of attainment by way of federation and the only alternative was through autonomy. The British Empire, however, is a founded upon negotiations. It depends essentially, if not formally, on positive ideals. Free institutions are its lifeblood. Free co-operation is its instrument. Peace security and progress are among its objects. The aspects of all these great themes have been discussed at the present conference and excellent results have been obtained. And though every Dominion is now, and must always remain, sole judge of the nature and extent of its co-operation no common cause will, in our opinion, be thereby impeded.

King's Title Slightly Altered.

Existing administrative legislative and judicial forms, it is pointed out, are admittedly not wholly in accord with the position described above, most of them being long antecedent to the present stage of constitutional development. The Committee therefore examined these forms and, dealing first with title of the King, which in the last fifty years has been twice altered to suit changed conditions, unanimously agreed that a slight change, subject to the King's approval, was desirable and that the title should henceforward read, "George Fifth, by the Grace of God of Great Britain, Ireland, and the British Dominions Beyond the Seas, King, Defender of the Faith, Emperor of India."

Status of Governor-Generals.

Regarding the position of Governor-General the Committee states that it is essential in consequence of the equality of status that the Governor-General of a Dominion is the representative of the Crown, holding in all essential respects the same position in relation to the administration of public affairs in a Dominion as that held by the King in Britain and that he is not the representative or agent of the Government in Great Britain, or of any department of that government. The practice whereby the Governor-General is the formal official channel of communication between the Government in Britain and the Governments in the Dominions might therefore be regarded as no longer wholly in accordance with the constitutional position of a Governor-General.

It was thought that the recognised official channel of communication should be in future between government and government direct.

Details were left for settlement as soon as possible after the conference had completed its work, but it was agreed that the Governor-General of a Dominion should be kept as fully informed as is the King in Great Britain of Cabinet business and public affairs.

And the Conference recommends Britain and the Dominions to establish a committee to investigate, firstly, existing statutory questions requiring the reservation of Dominion legislation for the consent of His Majesty or authorising the disallowance of such legislation.

Secondly:—The present position as to the competence of Dominion Parliaments to give their legislation extraterritorial operation and also practically and the most convenient method of giving effect to the principal that such a Dominion Parliament should have the power to give extraterritorial operation to its legislation in all cases where such operation is auxiliary to the provision of peace, order and good government of that Dominion.

Thirdly:—The principles embodied in the Colonial Laws Validity Act 1905 and the need, or otherwise, of their amendment.

The Committee discussed the conditions governing appeals from judgments in the Dominions to the judicial committee of Privy Council. From these discussions it became clear that it was no part of the policy of the British Government, that questions affecting judicial appeals should be determined, otherwise than in accordance with wishes of the part of the Empire primarily affected.

Regarding relations with foreign governments the committee points out that in the case of treaties negotiated under the League of Nations adherence to the wording of the annex to the Covenant has led to the use of the term, "British Empire" with the enumeration of the Dominions and India, if parties to the Convention, but without any mention of Great Britain, Northern Ireland and the Crown Colonies and Protectorates. These are only included by virtue of their being covered by the term British Empire.

This practice while suggesting that the Dominions and India are not on a footing of equality with Great Britain as participants in the treaties in question tends to obscurity and misunderstanding. The Committee therefore recommends that all treaties should be made in the name of the King as the symbol of the special relationship between the different parts of the Empire. The British units on whose behalf a treaty is signed should be grouped in following order: Great Britain and Northern Ireland and all parts of the British Empire which are not separate members of the League, Canada, Australia, New Zealand, South Africa, Irish Free State, India.

Foreign Policy and Defence.

Regarding the general conduct of foreign policy it was frankly recognised that in this sphere as in the sphere of defence the major share of responsibility rests now, and must for some time continue to rest, with the British Government. Nevertheless, practically all the Dominions are engaged, to some extent, in the conduct of foreign relations, particularly those with foreign countries on their borders.

The Committee felt that the governing consideration underlying all discussions of this problem must be that neither Great Britain, nor the Dominions, could be committed the acceptance of active obligations except with the definite assent of their own governments.

In the light of this the committee agreed that the general principle expressed in relation to treaty procedure, which is already to a large extent in force, might usefully be adopted as a guide by the governments concerned in all future negotiations affecting foreign relations falling within their respective spheres.

Dominion Ambassadors.

The Committee notes as a specially interesting development the appointment of an Irish Minister in Washington and the forthcoming appointment there of a Canadian Minister and feel that most fruitful results could be anticipated from the co-operation of the King's representatives in the United States.

It was agreed in cases other than those where Dominion ministers were associated to be very desirable that existing diplomatic channels should continue to be used as between governments and foreign governments in matters of general and political concern. Since the Imperial Conference can only be infrequent system of communication and consultation between Imperial Governments is specially important and the committee thinks that development in this respect is particularly necessary in relation to matters of major importance in foreign affairs where speed is often essential and urgent decision necessary. They submitted a resolution urging that all Imperial Governments should consider a means for developing a system of personal contact between London and the Dominion capitals which should supplement the existing methods of inter-communication on affairs requiring joint consideration.

Locarno Treaties Approved.

Complete approval was expressed of the manner in which the Locarno Treaties had been negotiated and congratulations were expressed to the British Government on its share in this "Successful contribution towards promotion of peace."

FOOTBALL.

THE SPLIT AMONG THE CHINESE.

ANOTHER ATTEMPT TO REGAIN UNITY.

DR. C. T. WANG IN HONG KONG.

Another effort is being made to bring the football players among the Chinese together again. This time the South China Athletic Association are asking Dr. C. T. Wang, president of the Amateur Athletic Federation of China, to use his good offices in the matter. Dr. Wang, who is a former Chinese Cabinet Minister, now on a pleasure trip to Canton and Manila, is paying Hong Kong a visit, and he attended the football games at Happy Valley and at Sookunpo Grounds on Saturday afternoon, in company with officers of the South China and the Chinese Amateur Athletic Association, who were later hosts at dinners at which he was the guest of honour. There were two separate functions.

Dr. Wang, it is understood, has had a talk with a few of the football players and has expressed the opinion that there is a chance of all re-uniting. He has suggested another conference of the parties concerned. It may be recalled that some time ago Sir Shou-son Chow, Dr. R. H. Kotewall, and other interested Chinese leaders in Hong Kong tried to bring the footballers together but the effort failed.

THE M.C.L. BAZAAR
(CONT'D.)**THE FETE OPENED.**

Shortly before the time of the opening of the fete, the Pipes and Drums of the 2nd Battalion, the King's Own Scottish Borderers, paraded the grounds.

Lady Clementi, who declared the fete, wished it every success, and was received by Mrs. W. T. Southern (President of the Guild), Mrs. E. T. Cressy (Hon. Secretary) and Mrs. C. Russell-Brown.

Mrs. Southern said:—
It is with mixed feelings that I find myself here this afternoon for I do not consider that I am justified in assuming the mantle which Lady Severn wore in her admirable work for the Hong Kong Women's Guild and Ministering Children's League. The mantle is at the moment a misfit as far as I am concerned for I have had neither time nor opportunity to do much for these two splendid organisations; and one knows that no woman likes to wear an ill-fitting garment. However, I hope in time to remedy this defect and meanwhile I can express my pleasure at being asked to preside over the destinies of the Guild and League which do so much good work both in the Colony and in the world outside.

Work of Guild and League.

I have been struck by the fact that even during the difficult times which prevailed last year the sum of over \$18,000 was raised by League and Guild. No grants were reduced; in fact several were increased. This appears to me to be an eloquent testimony to the vitality of this Colony in spite of outside attempts to damage it.

A glance at the list of good works benefited shows the wide sympathies of the organisation. The grants are distributed among English and Chinese Charities in the Colony and among a wide range of Charities at home. The work of the Guild and League are too well known to need a trumpet, I am only anxious to add my small tribute as a newcomer to the excellence of the organisation. The work is decentralised. Each branch develops its own form of helpfulness and hands over the result to the Parent Organisation, meeting once a year in a union of effort and enthusiasm at this fete.

Thanks for Assistance.

At this point I should like to express our sincere thanks to His Excellency the Governor and Lady Clementi for carrying on the tradition of putting Government House Grounds at our disposal. We feel it is a great privilege and a great help to the work and we do appreciate their kindness.

Our indefatigable Secretary Mrs. Cressy deserves our special thanks. She has an astounding way of persuading people to do things and then proceeding to relieve them of all the trouble. She never spares herself in any good cause whether it be on behalf of a big organisation or a small friend.

I am not here to make a long speech and I cannot compress into a few moments the tale of all the help we have received from many sources. I should like however to make special mention of the Press, who for years past have helped us very generously. We appreciate greatly their valuable support.

You will find many attractions in the Garden but we do hope everyone will assemble at 3 o'clock to see the Pastoral Play on which the producer, Mrs. Chater has spent so much time and trouble and to which Miss Capell's pupils are contributing charming dances. In conclusion I call upon Lady Clementi to open the fete and by so doing to set the seal upon its success.

"No M.C.L. Like Ours."

In declaring the fete open, Lady Clementi, said:—I rather think that if I were miles away and if I were asked what Hong Kong brought first to my mind, I think I should say at once, that great institution of ours, the Peak Tramway—(laughter)—and the Ministering Children's League. (Applause.)

Of course, there are other Ministering Children's League activities elsewhere, and Penang has a peak tramway also, but there is no M.C.L. like ours and no peak like that of Hong Kong.

It must have been within forty-eight hours of my arrival in Hong Kong—I will not say how long ago that was—that Lady May informed me that I had been roped in as a waitress for the M.C.L. Annual Fete. I have followed, with interest, your great work ever since.

I hope you will all enjoy yourselves this afternoon and that the financial results of the fete will be a great success. I have much pleasure in declaring the fete to be open.

Little Miss Ann King then presented a basket of yellow and white chrysanthemums to Lady Clementi, and Miss Cecily Clementi a bouquet of flowers to Mrs. Southern.

Lady Clementi Thanked.

Mrs. Russell-Brown on behalf of all present, thanked Lady Clementi for her kindness in opening the fete and for her support, both past and present, of the League's activities. (Applause.)

It was very much regretted that owing to a previous engagement, H.E. the Governor (Sir Cecil Clementi, K.C.M.G.) was unable to be present.

The absence of Mrs. Stirling (Naval Branch) owing to serious illness and of Mrs. Luard (Military Branch) owing to being away from the Island, was much regretted by all members of the Guild and League, and by the visitors. It is the last occasion in connection with this big organization at which Mrs. Stirling could be present as she is leaving the Island shortly for good. She will be greatly missed as she has worked very energetically and successfully for the Hong Kong Women's Guild and Ministering Children's League all the time she has been here.

The Hon. Mr. W. T. Southern, who was to have helped the Hon. Mr. H. W. Bird with the raffles etc., was unavoidably absent owing to indisposition. This was another disappointment.

The Band of H.M.S. *Hawkins* (lent by kind permission of Captain W. J. C. Lake, R.N., and the Officers of H.M.S. *Hawkins*) provided a selection of music during the afternoon, and for the first hour were helped by the Pipes of the R.O.S.B.'s Regiment (kindly lent by Lieut-Col. Conyngham, C.M.G., D.S.O.).

The General Arrangements.

The flags and bunting, with which the grounds were decorated, were lent by the Navy and Military Authorities, and by the Harbour Master (Lieut-Comdr. G. F. Hole, R.N.).

The general arrangements were in the hands of Mr. Deakin (Custodian, Government House) and Mr. A. Gray, of the P.W.D.

Mr. A. Dyer Ball took charge of the Accounts Office, and soldiers, lent through Major Macready by courtesy of their Commanding Officers, helped in a variety of ways, especially in the sale of tickets of admission and for the Pastoral Play. The Hongkong Electric Light Company provided special lighting for the occasion.

Business Starts.

Immediately after the fete had been declared upon, Lady Clementi proceeded on a tour of inspection, her Ladyship making a number of purchases.

The Stalls and Side-Shows.

The Naval and Military Stall, with fancy articles, was in charge of Mrs. Robinson and Miss Stirling. The Lemonade Stall was presided over by Mrs. Russell-Brown, assisted by Mesdames Alabaster, Walker, Meyer and Roffey. The clock golf competition was in charge of Lieut-Col. S. Boylan-Smith, D.S.O.; and Major Macready looked after the game of roll, bowl or pitch. The gold fish pond, in charge of Major Greig, R.E., was particularly well patronised. The lucky well lived up to its name, and was in the capable hands of Mrs. Gillingham. The Naval Chute, Sea-Saws and Swings were conducted with characteristic efficiency and good humour by men from H.M. ships in port, who are members of the Naval Branch. In charge of the lucky wheel were Mr. R. M. Austin, and a band of helpers, and Mrs. Austin dispensed ice-cream from an ice-cream barrow.

Other Attractions.

The Orange grove was a big attraction, and was most capably conducted by the Peak Branch, Mr. E. B. C. Hornell, Mrs. Tratman and Mrs. F. C. Hall. A stall full of useful and varied articles, was the Peak Children's Club Stall, Mrs. A. Murdoch being in charge.

The Victoria Stall, presided over by Mrs. Harris Walker, was immediately below the balcony. Here could be bought chocolates and sweets. One table was spread with 500 boxes of Nestle's chocolate, each in a carton, bearing a Union Jack with the words "Faithfully yours—Pioneer Silk Store." These were the gift of Mr. V. Rupchand, the manager of the Pioneer Silk Store, who was presented to Lady Clementi. Mr. Rupchand also gave a handsome Haor coat which was raffled. This was presented to Lady Clementi when Her Excellency recently visited Mr. Rupchand's establishment.

The Cigarette stall was in charge of members of the Kowloon Branch—Mrs. Crappell, assisted by Mrs. Newton and Mrs. S. Smalley, a member of the Kowloon Branch, was unable to be present.

The Fortune Tellers tent in charge of members of the Kowloon Branch, attracted plenty of patrons.

The Police Stall, with raffles and dolls, was in charge of Mrs. T. H. King, assisted by Mrs. Gerrard.

School Stalls.

The stalls of the various schools were laden with a variety of good things. The Bellios Girls' School stall had useful articles, a "lucky ring" in charge of Miss Skinner and staff; the St. Paul's School stall carried sweets and Fudge; post cards, cake weight guessing competition, etc.; and was in charge of Miss C. Woo, M.B.E.; the St. Stephen's Girls' College stall, contained Foochow lacquer, and baskets from Ceylon, with Miss Middleton-Smith in charge.

As in previous years, the Tea Garden was arranged on the tennis courts. This was in the hands of Mrs. Franks, Mrs. G. Alabaster, Miss Cotton and Mrs. Miskin. Lane, Crawford, Ltd., were responsible for the arrangements, which were all that could be desired.

Mrs. Charles conducted a Ladies' Ankle Competition most successfully. Rear-Admiral Stirling, Sir Shou Son-chow and the Hon. Mr. H. T. Cressy acting as judges.

Other helpers at the fete included Miss Robinson, Miss Maude, Mrs. Lay, four Girl Guides and six Boy Scouts.

Pastoral Play.

Mention has been made above to the Pastoral Play, by Miss Willoughby Wallace, "On Zephyr's Wing." It might be added that an orchestra under the direction of Mr. D. S. Hill provided excellent music, Miss Vaughan and Mrs. Rose acting as accompanists for the performance, which was given by the pupils of Miss V. Capell, under the direction of Mrs. Chater.

The full cast was as follows:—

Mortals.

The Queen, Mrs. Hole.
The Princess-Gracienne (her daughter) Miss Birkett.
The Lady Babillarde, Miss Stewart.
The Lady Mignon, Mrs. Aubrey.
The Lady Yvonne, Mrs. Tod.
Alidor, (a Prince among shepherds) Mrs. Miles.
Florin, Mrs. Scovill.
Iphis, Miss Scott.
Biroquoil, Miss Mitchell.

Fairies.

"Mordicante," Mrs. Grosman.
"Zeus" (The leader of her Sprites) Miss V. Capell.
"Zephyr" (The god of the West Wind) Mrs. Mitchell.
"Cupid," Joan Berry.
Two more Cupids, Daphne Bird and Elinor Hegarty.

Nearly \$5,000 Raised.

It was learned yesterday, on enquiry from the Hon. Secretary (Mrs. H. T. Cressy) that nearly \$5,000 had been raised as a result of the fete. As a matter of fact \$4,644 have been raised, and this will be made up to the \$5,000 mark.

V.D.A. SUNDAY.**SPECIAL SERVICES AT CATHEDRAL AND ST. ANDREW'S.**

Yesterday was Diocesan Sunday, and was celebrated in the Colonial and Chinese Churches of the Colony as a day of thanksgiving, the services being of a special character and sermons preached on the work and needs of the diocese.

The V.D.A. aims to band together all people who are interested in the work of the diocese. It was founded six and a half years ago, when the Rt. Rev. C. R. Duppuy became Bishop of Victoria. In England it has a membership of a thousand, here a membership of 238. At Home the V.D.A. is a force backing up the diocese. Here it is hoped that the V.D.A. will become a greater force, and that the membership of 238 will soon increase.

Matins followed an early celebration of Holy Communion at the Cathedral, and the preacher was the Diocesan Chaplain (the Rev. N. V. Halvard, M.C.). A short service for young people was held in the afternoon (and was bi-lingual—in English and Chinese). The Bishop preached at the evening service.

The collections throughout this day were on behalf of a new Chinese church which is to be built at Yau-mat. Already \$17,000 has been promised towards this purpose, practically all from Chinese sources. The church is much needed. It is noticeable that within the last three years it has been necessary to enlarge both St. Stephen's and St. Paul's Chinese churches. The need of an adequate church to replace the present Mission Church in Yau-mat is urgent.

At the afternoon service the preacher was the Rev. G. Hewitt, B.N.

Members of the congregation who were unable to be present are asked to send their contributions to the Hon. Treasurer of the Cathedral, Mr. P. S. Cassidy.

At St. Andrew's Church, Kowloon, the Bishop of Victoria preached at the morning service at 11 o'clock, following Holy Communion at 8.15 a.m. There was a united service for Young People in the afternoon, when representatives from all the Chinese Institutions and Diocesan Schools in Kowloon were present. The evening service was taken by the Rev. N. V. Halvard.

All the sermons embraced an earnest appeal for support of the V.D.A. movement.

The collections at St. Andrew's Church were devoted to Diocesan Funds while the Chinese churches offerings were for the Pension Fund for Chinese workers, which is being inaugurated.

At the evening service at St. Andrew's Church, Kowloon, there was special music rendered and an organ recital by Mr. Rupert Baldwin, A.T.C.I. (the organist).

Following the opening hymn and the evening prayer, Mr. Baldwin played the "Prelude and Fugue in A" (Bach) and Hensel's "Ave Maria." The choir rendered the anthem "The Lord is my strength and my shield." "The Lord is my shepherd," and "So were Thy people and the sheep of Thy pasture, we give thee thanks, thanks for ever." Other contributions by Mr. Baldwin were Katalbey's "In A Monastery Garden" and Silas's March in D Flat.

SILK TRADE VIA HONG KONG.

SHIPMENTS BEGINNING

A Canton silk merchant, writing on Friday, says:-

"I had some silk to ship to Bombay via Hong Kong and wished my boatman to take it to the *Futshan*. He refused, and I had to ship it by a Chinese-owned boat. I asked him again to-day if he would take another lot to the *Lungshan* and he replied that he would get into trouble if he did so. Having heard rumours that the differences with the Steamboat Company had been settled, I told him he need have no fear but he remarked that the boatman had not received any notice of a settlement and until such a notice was received he could do nothing. He added, however, that a notification was expected on Monday (to-day) after which he thought everything would be clear and satisfactory. I spoke to a Customs official on the same subject and he gave me the same information, and it was confirmed again by a manager of a Shipping Company. It is confidently expected here that the boycott of the Steamboat Company's vessels will be definitely over on Monday. I hope the expectations will be realised. The French are now pulling down the last of the barricades on Shamen and things are beginning to look quite normal. Everything in the City is quiet."

In Hong Kong there is no official news regarding the termination of the boycott against the Steamboat Company's vessels. The *Lungshan* and *Taiwan* returned on Saturday with about an average number of passengers and the same quantities of produce that they have been carrying daily during the past week. The Chinese armed ships were crowded and brought general cargo in addition to produce.

In view of the successful trip of the *Taiwan Maru* last week, another freighter is to be placed on the Hong Kong-Canton run by the Canton-Shanghai S.S. Company. There will be two sailings a week from each port in future.

Our Chinese correspondent writes:- For the first time since the calling off of the boycott, a consignment of Canton silk, comprising 480 bales for America, left Canton last week-end by way of Hong Kong. During the boycott Canton silk was shipping abroad via Shanghai.

The Strikers.

Of the many thousands of workers who went on strike in June last year some 25,000 are still without employment. The Canton Strike Committee will continue to receive support from the Kuomintang, for another six months during which time it is hoped work will be found for these men in Hankow and other places. The Kuomintang expects to allow \$100 to each striker from the surtaxes and the first \$100 was issued on November 18th. For a time some 205,000 persons were registered as strikers, but the Strike Committee has at no time fed more than 55,000 in its lodging and boarding houses. Since the end of the boycott, many have left the care of the Committee, and there are now less than 4,000 for whom the Committee are supplying board and lodgings.

Fokis in the rice guild in Canton City are threatening a strike within three days unless their demands for higher wages and better working conditions are granted by their employers. The rice Guild has appealed to the Kuomintang for arbitration. It will be a serious matter for Canton, if the rice trade is suspended for any length of time, as every one in the city takes rice daily.

The Kuomintang authorities in Canton have passed a new order prohibiting further enrolment of girls as puns.

Fires.

The headquarters of the Military Police in Canton, north of the City, was partly destroyed on the evening of November 20th, the losses including ammunition and other military stores. Four out of seven barracks were gutted. The cause of the fire is unknown.

A number of tobacco warehouses at Ching Hai Loo, Canton, were destroyed by fire on November 19th, when some \$500,000 worth of tobacco leaf is said to have been destroyed. The leading dealers in the trade were involved, including Him Yick, Wing Fung, Tai Chong, Ta Shiang, Hung Yee On, Kwong Yuen Hing, and other well-known firms.

YANG SEN JOINS REVOLUTIONARY ARMY.

AMERICAN ADMIRAL'S VISIT TO
CANTON.CANTON INFORMATION BUREAU'S
COMMUNIQUE.

The Canton Information Bureau has issued the following *communiqué*, dated November 19th:-

It is believed here that the assumption of the post of Commander of the 20th Revolutionary Army by Yang Sen, the Szechuan military leader, will make a profound change in the situation in Szechuan province. It is thought that he will use his 20,000 soldiers for operations west of Hupeh.

Bandit suppression work in Kwangtung province is reported to be proceeding smoothly, many interior districts having been rid of bandit bands.

U.S. Admiral Williams, of the China fleet, with Mrs. Williams, who arrived here on Thursday on an unofficial visit, spent the first day in visiting the city, and the second day in visiting the Yellow Flower Hill where are buried the seventy-two martyrs. Admiral Williams expressed great interest in the signs of progress in Canton and environs.

THE "SUNNING" PIRATES.

IDENTIFICATION PARADES STILL
CONTINUING.

MEN NOT YET CHARGED.

The identification parades in connection with the detention of some thirty alleged pirates of the *Sunning* still continue, and is not expected to be completed until to-day, or, possibly to-morrow.

With so many to deal with and so many witnesses entailed, the process of identification is a long one, and the utmost care has to be taken in checking up verifying and recording the proceedings. Those who will eventually be charged will, firstly, it is expected, face an indictment of piracy only, but further charges may be added in certain cases later.

So far, the question of any allegation of murder, as in the case of the *Sai Kung* ferry piracy, has not arisen, but if Mr. Lapey is not found a delicate situation will arise.

The Wounded.

There is a steady improvement reported in the case of the pirates who are detained in the Government Civil Hospital for treatment. The condition of Mr. McCormack, the Chief Engineer, is also as favourable as can be expected, and he is progressing toward recovery.

As previously reported, the *Sunning* has now gone into dock at Taikoo, and it is thought that the cost for her repair will amount to some \$80,000.

LATER.

Since the above was written it is understood that a number of the pirates already identified, will appear at the Magistrate's this morning.

THE TROUBLE ON THE
"HONGPENG."VESSEL NOW DUE THIS
AFTERNOON.

The *a.s. Hongpeng*, belonging to the Ho Hone Steamship Company, Singapore, on which, as reported previously, some sort of trouble broke out—it being stated that a man ran amok and wounded fifteen others—did not arrive yesterday as was expected.

Apparently, she has met with rough weather, for on enquiry yesterday we were informed that she is not now expected to be in the harbour until about 3 p.m. to-day. The vessel left Singapore last Tuesday with a large number of passengers and a fair amount of cargo. No further news has been received locally regarding the cause or nature of the trouble.

CHRISTMAS LETTERS.

HEAVY MAIL DESPATCHED FOR
HOME.

AN INCREASE ON LAST YEAR.

There was the usual last minute rush in connection with the closing of the Christmas and New Year letter mail for Home. The mail was originally fixed to close on Saturday at 5 p.m., but owing to the late arrival of the *a.s. Katori Maru*, the vessel on which the mail was despatched yesterday afternoon, the time was extended until 9 a.m. yesterday. The bulk of the mail was in the G.P.O. on Saturday night, but there was still a good consignment on the boxes yesterday morning when the final clearance was made.

The work of clearing the boxes commenced early on Saturday, and it was found necessary to make numerous clearances throughout the day, at regular intervals, to cope with the rush.

In addition to having to deal with the despatch of this mail, the mail department staff also had two inward mails on Saturday, six coast post mails to despatch and a big consignment of parcels and letters to send off by the *a.s. President Pierce*, which sailed yesterday morning for Shanghai, Japan and U.S.A., but whose mail for these ports, and also for Canada, Europe, and Siberia, and via San Francisco, closed on Saturday afternoon.

The *Katori Maru* also brought yesterday morning an inward mail of 515 bags, including 22 bags from London, via Siberia; while later yesterday the *a.s. Phenix* arrived with letters and papers from Home and Europe via Negapatam.

The Figures.

The *Katori Maru* took no fewer than 90 bags of mail from here for England. She is due at Marseilles on December 20th, and will arrive in London on December 21st. She carried no fewer than 1,654 registered packages, in 27 registered bags. This is an increase on the corresponding mail last year. On November 21st last year the *Hakusan Maru* carried 45 bags of letter mail, and 1,424 registered packages in 24 bags. Other Christmas mails already sent have been as under:-
The *Mantua* on Nov. 12 with 85 bags of mail, as against 14th last year; 233 bags of parcels, as against 178 bags last year; 1,314 registered packages in 22 registered bags, as against 1,852 registered packages in 25 bags last year; The *Antenor* on November 17th with 53 bags of mail, as against 77 bags last year on the *Sarpedon*; 771 registered packages in 10 registered bags, as against 433 packages last year in 16 bags. The total number of bags of Christmas letter mail carried Home this year is 171, as against 150 last year; 233 bags of parcels, as against 178 last year; 3,230 registered packages, in 50 bags, as against 4,210 in 75 bags last year.

THE LATE SIR PAUL CHATER.

MEMORIAL TABLET UNVEILED AT
ST. ANDREW'S CHURCH.

At the conclusion of his sermon at St. Andrew's Church, Kowloon, yesterday morning, the Lord Bishop of Victoria (the Right Rev. C. R. Dupper) unveiled a tablet to the memory of the late Sir C. Paul Chater.

The tablet is of brass in a wooden frame and is placed on the West Wall of the Church.

The Bishop unveiled it and dedicated it with suitable prayer.

The Bishop's Address.

Preaching from the text, St. John v. 17—"Jesus answered them, My Father worketh even until now and I work," the Bishop said: Our Lord is correcting a wrong idea: the idea that God's work in the world has ceased. The work of God, He teaches, goes on throughout the ages. People see, as never before, that the world needs to be put in order but they are perplexed and without real hope. "You must take things as you find them," they will tell you, "human nature can never be changed." But surely all this talk about taking things as you find them and assuming that nothing more can be done is utterly wrong.

Your scientist is not content with things as they are, he refuses to be baffled, he keeps on till he can fly in the air, and move under the water, and make Holland, which used to be under the sea, a country to dwell in. And to despair of human nature is against the facts. "The action of Christ who is risen on mankind whom He has redeemed fails not but increases," said that eminent historian, the late Lord Acton. For in spite of all men say—and rightly say—about the Church's failure it is the Church of Christ that holds the key of humanity's unsolved problems. "All mankind is seeking God," H. G. Wells says somewhere. "There is not a nation nor a city in this globe where men are not being urged by the spirit within them towards the discovery of God."

A Diocese of 70 Millions.

You and I are living in a diocese which is supposed to contain something like 70 millions of people and where millions have never heard of Christ. Are we doing what we can to evangelise the whole creation, to spread Christianity, to make Christ known? You may say that this diocese epitomises the history of our branch of the Church in China. As I think about it all I marvel both at what has been done and at the vast undone. I marvel at what has been done. Eighty years ago, when Sir Paul Chater was born, you may say our branch of the Church did not exist in China. Fifty years there are twelve bishops and over 150 Chinese clergy. (We have thirteen connected with this diocese.) It seems to me that those 150 clergy are the harbingers of a great hope for China.

Only 180 Clergy.

But I marvel too at the vast undone. What are 180 clergy amongst all the millions of China? Let me take two illustrations to show you the hugeness of this diocese. During this past week I have been speaking with two workers, one going to Nanning and the other to Lungchow. These places are 500 miles away and within the diocese. It is three years since any clergyman has been there to give the Christians Holy Communion: we have none to send. Then a few days before this I was welcoming a new worker for Yunnanfu, 1,000 miles away, also within the diocese. In a province larger than Great Britain our Church has only one congregation in the whole area. You may travel mile after mile in this diocese and you will find no single messenger of the Cross, literally millions have never heard of Christ. Do you wonder there is disorder? I don't.

Can you, I ask, do more than you are doing to spread Christianity amongst the millions who have never heard of Christ? It is the biggest thing you can do with your life. You have an opportunity given you to-day of helping to build a Chinese Church at Yunnanfu. You can join the Victoria Diocesan Association and get more knowledge of actual needs and join a fellowship of prayer and service.

Do not complain of lack of power. There is plenty of power in this universe if we do not know how to use it. There is enough energy in an ounce of matter, Sir Oliver Lodge tells us, to lift the whole German Fleet from the bottom of Scapa Flow and place it on the top of the Scottish mountains. And in Christ there is power not only to raise dead men from their graves but to lift the whole world's life on to a higher level.

There is not enough of God in this world. That is the root trouble. Keep your lives open to God. That is the greatest service you can render man. Keep near to Christ. Learn of Him. Think of this world for which Christ died and for its sake consecrate yourself.

The Inscription.

The inscription on the tablet read as follows:-
Erected by the Congregation in memory of the Hon. Sir CAROLUS PAUL CHATER, C.M.G., LL.D., etc.,
Born in Calcutta, September 28th, 1846; died in Hong Kong, May 27th, 1926.

A Regular Worshipper at this Church, of which with both the Church Hall and Vicarage he was the generous donor.

A Genius in Finance, a Prince in Charity, and withal a humble servant of his Master.
"Yes, though I walk through the Valley of Death I will fear no evil: for Thou art with me."

CINEMA LAND.

PICTURES FOR THE WEEK.

THE "MERRY WIDOW" AT THE
"QUEEN'S."

Hong Kong "movie" patrons are being well catered for this week. Mac Murray, John Barrymore, Norma Talmadge, Viola Dana and Percy Marmont, are the principal stars billed to appear on the local screens, and the films as a whole are worthy of the leading players.

Queen's Theatre.

In the "Merry Widow," which was first shown yesterday at the "Queen's," and will be there till Wednesday, Mac Murray plays the leading rôle. She wears, as in many of her previous parts very gorgeous clothes, and the "Merry Widow" gives her an excellent opportunity of which she takes full advantage. She is ably supported by John Gilbert, who takes the part of Prince Danilo.

"This production has partly a Parisian party, a Balkan setting, and, Monte-blanc, where the Irish-American chorus girl was made a queen, is depicted as a very beautiful and attractive place.

From Thursday to Saturday, Garner Bros. present John Barrymore in the "Sea Beast." This picture deals with a band of American sea-faring adventurers, and is adapted from Herman Melville's "Moby Dick," perhaps the greatest sea-novel in modern literature.

The World Theatre.

"The Song of Love" will be screened till to-morrow. In this picture Norma Talmadge is seen with Joseph Schildkraut. These two take the leading parts in a story of barbaric life and love on the border of the Arabian desert. Schildkraut who was in a prominent part in the "Orphans of the Storm," is given ample scope for his abilities in this film, and with Norma as the barbaric Arabian dancing girl, what more can the picture-goer want? The story is full of tragic and turbulent scenes, portraying the primitive emotion of the Arabian desert dweller.

From Wednesday to Thursday, Viola Dana will appear in the title rôle in "Don't Doubt Your Husband." This play affords extremely good entertainment from start to finish. Viola as the suburban wife has never looked more beautiful.

A new Metro production by Victor Seltzer, "The Man Life Passed By," will be shown from Friday to Saturday.

Percy Marmont has the title rôle of a man whose bitterness against the world nearly proves his undoing. However, "love chips in" and we all go home happy.

Star Theatre.

"Scaramouche," a Rex Ingram production, will be shown for the last time to-day. This picture was formerly shown at the Queen's Theatre, and is a vivid portrayal of the chaos and cruelty of the French Revolution. Historians would certainly cavil at the idealisation of that crafty demagogue Danton—but it is thrilling story all the same.

After a successful run at the World Theatre last week, "Changing Husband" will be screened from to-morrow till Wednesday. Miss Beatrice Joy is in the leading rôle and has a dual part to play. This picture is a fast moving comedy and a relief from the far too frequent "sub-stuff."

The "Song of Love," which has been described in this column, will be filmed from Thursday to Saturday.

Two Films: A Contrast.

Two notable films have recently been shown at the "Queen's." One was "The Monster," with Lon Chaney in the name part; the other "The Ragman," with Jackie Coogan as the star. Both are well acted and produced with all the skill and ingenuity of modern technique. There is a resemblance, and "The Monster" is a film that no child should see, and, indeed, would prove hateful and terrifying to many adults. It deals with madness and horror, portrayed with a cruel vividness that might well have a lastingly regrettable effect on highly strung temperaments. Incidentally, we might add, Lon Chaney's moaning and hideous grimaces are not good art. Any competent actor can do that sort of thing. Tragedy is inexpressible without pathos and dignity. "The Monster" shows neither. All that can be said is that a vein of humour lightens the terrors of the lunatic ruled sanatorium where the action takes place, and one knows pretty well that it is all going to "end happily." Scenes of terror that are permissible in the written word are inexpressible when presented to the eye with the vividness of cinematography. No reflection is, of course, thrown on the management of the Queen's. The manager books ahead without knowing what he is in for, and very rightly seeks to show a star of Lon Chaney's reputation. It is the censor who is to blame in not refusing his licence to the scenes of morbid horror that have disgraced far too many recent and well-boomed productions.

In what delightful contrast was the "Ragman." Here was clean humour, excitement, and now and then pathos without sentimentality. Very amusingly the producers toyed with the stock innuendoes of "long lost babies," only to toss them aside and produce something delightful, natural and unexpected. Timothy Kelly, the young Ragman, is no kidnapped orphan who captures, after a struggle, the heart of a grumpy witted old Jew who deals in "junk" and empty bottles. Here is light hearted comedy in the best cinema tradition of which Charlie Chaplin and Harold Lloyd are the founders. Jackie, as he is called, is undoubtedly growing up, but it was interesting to see how cleverly this was camouflaged.

HONG KONG, NOVEMBER 22ND, 1926.

THE KUOMINTANG: RIGHT AND LEFT WINGS.

In another article Colonel MALONE gives us the benefit of his enquiries into the present-day political organisations in China and although the Canton Gazette takes care to point out that the Kuomintang does not necessarily approve all the Colonel's observations and proposals, he may take it for granted that that Party agrees generally with the summing-up of the situation. China is divided among many so-called Governments and authorities, writes Colonel MALONE, but there is only one real political party in China to-day and that is the Kuomintang. The Anlu Party are now-a-days a mere remnant and the Communist Party no more than a nucleus, and for the rest there are only "cliques" and adherents

of the various militarists. There may be differences between the methods and behaviour of the various militarists who hold portions of China under their sway, but they are actuated by no principle of Government. They are simply autocrats and mostly not benevolent. The Kuomintang alone holds any theory of Government and seeks to rule according to the Threefold People's doctrine of Dr. SUN YAT SEN: 1, National Emancipation and race equality; 2, Political rights for the people; 3, Economic rights for the peasants and workers. When Colonel MALONE's article was written the leaders of the Kuomintang whilst sympathising with the Kuomintang, "had not yet made their army into a definite party army." As our readers are aware later reports are to the effect that the Kuomintang have definitely thrown in their lot with the Kuomintang, and that General FENG YU HSIAO has been welcomed as a member of that body.

According to Colonel MALONE there are divisions in the Kuomintang Party—an organised, well disciplined left Wing centred at Canton, working in close co-operation with the Chinese communists and a heterogeneous, unorganised remainder extending to an extreme Right Wing scattered throughout China. There is very little difference in the programmes of the Left and Right Wings except on two points. First, the Right Wing is violently anti-Russian and secondly the Right Wing believes in the co-operation of the merchant class in carrying out the Chinese revolution, whilst the Left Wing holds that it should be a purely proletarian revolution and classes the Chinese capitalists with the foreign Imperialists. It is noted also that even in the Left Wing Kuomintang itself there has been a Left and Right struggle, the upshot of which was that whilst Communists may be members, they may not hold office in the Party nor more than a limited number of places on the Committees.

Shanghai is the centre of the Right Wing activities. Canton, as the home of SUN YAT SEN, the founder of the Kuomintang, considers that the party which meets there is the real Kuomintang. The executive which meets periodically at Canton consists of 36 members, representing the Left Wing Kuomintang all over China. The Executive of the Right Wing, which meets at Shanghai, consists of 25 members but according to Colonel MALONE it is difficult to say whom they represent.

In conclusion the hope is expressed that the scattered Kuomintang elements will find a means of coming together, for "the Nationalists have such a heavy task before them that they cannot afford to be divided."

THE PERSONALITY OF THE CHRISTIAN GENERAL.

The Independent Labour Party in Great Britain are publishing the report upon the situation in China written by Colonel C. L'ESTRANGE MALONE, and very full extracts from this report are finding their way into the Canton Gazette. Colonel MALONE's investigations at the Kuomintang Headquarters brought him to Kalgan at 6 o'clock in the morning just in time, as he says, to be present at the early morning prayer meeting which takes place every day at 7 a.m. in the private chapel of General CHANG CHI KIANG. General FENG YU HSIAO was then temporarily in command.

It is extraordinarily interesting to get what the "American scenario writers" would call a "close-up" of the various militarists who have for so long been playing a leading part in Chinese affairs. General CHANG CHI KIANG appeared to Colonel MALONE as an honest, straightforward man, a staunch Christian who joined with great fervour in the prayers and hymns. It is very saddening to find, however, that the subsequent defeat of the Kuomintang is attributed to the fact that they devoted more time to Bible study than to military exercises. "The atmosphere surrounding the Kuomintang," writes Colonel MALONE, is one of evangelical fervour and simplicity. If

it is possible to show excess in this direction, that would be my criticism. Unfortunately, victories cannot be won by faith and prayer, and I am inclined to think that too much energy has been devoted to the religious training of the army and that its military and political direction has been somewhat neglected.

The staff of chaplains is much bigger than the staff of military and political officers. I believe that the set-back which they have recently suffered is in no small way accounted for by this fact.

In one of the lecture-rooms at the Kuomintang headquarters Colonel MALONE saw many inscriptions on the walls such as "Worship God with heart and soul," "The future of the Country depends upon you," "The love of money is the root of all evil" and "Abolish Extraterritoriality." These texts in Colonel MALONE's opinion illustrate the personality of FENG YU HSIAO. If they do then the Christian General must be a queer mixture. Some of the texts are irreproachable but surely there is no scriptural authority for "The future of the Country depends upon you." Such a message is probably delivered by all the warring chieftains to their troops. And obviously "Abolish Extraterritoriality" with its utter forgetfulness of Treaties and the rights of others strikes a jarring note.

It is announced in the Government Gazette that the market hitherto kept open in the matched or market building at Praya East has now been closed.

A first and final dividend of \$3.52 per cent. has been declared in the matter of the Kwong Hing Firm, of No. 37, Jervois Street, who are in bankruptcy.

Yesterday morning there was a large gathering of Catholics at the New Catholic Chapel at Taipei, which was formally opened by His Lordship, Mgr. H. Valotta.

A Chinese boy riding a cycle near Yau-mai Station on Friday crashed into a nullah and received serious injuries which necessitated his removal to Kwong Wah Hospital.

A Chinese was remanded in bail of \$25 at the Central Magistracy on Saturday, after being charged with selling cigarettes without a licence. Mr. A. el Arculli is for the defence.

The stewards of the Hongkong Jockey Club will be glad to meet owners and subscribers for subscription griffins at the Jockey Club Room, Hongkong Club Annex, to-day at 12.30 p.m.

In connection with the attack on an Indian Military officer at Whiffell Barracks, a sepooy was formally charged at the Kowloon Magistracy on Saturday and was remanded in police custody.

Lau Chung Pun has been appointed a "Forest Officer" for the control and superintendence of the forests of the Colony, to date from November 15th, in succession to Leung Kim Chan resigned.

It is notified that H.E. the Governor in Council has directed the rescission of the Order of July 28th, proclaiming Shanghai to be a place at which an infectious or contagious disease prevailed.

It is announced that the sixth extra Race Meeting will be held at Happy Valley on Saturday, November 27th, at 2.30 p.m. Further particulars may be gleaned from the advertisement published to-day.

The forthcoming wedding is announced of Mr. Jose Paulino Xavier, assistant at the Chartered Bank, residing at No. 6, Cameron Road, Kowloon, to Mrs. Emilia Jorge Alvarez, widow, residing at President Apartments, Kowloon.

A Chinese married woman, of No. 6, Tit On Lane, who had been depressed because her daughter had been missing for a few days, attempted to commit suicide by jumping into the harbour yesterday. She was rescued by the coxswain of No. 3 Fire Boat.

There will be a sale of Crown Land at the Public Works Department Office on Monday, December 6th, at 3 p.m. The land in question is Rural Building Lot 310, situated at Craigmin Road. It has an area of 11,000 square feet, and the upset price is \$1,320.

At the adjourned hearing a Chinese charged with being in possession of lottery tickets was discharged at the Central Magistracy on Saturday. He said that they had been given him by another man who promised to give him \$10 if he kept them without detection by the Police. The Magistrate accepted his story.

Mr. Thomas R. Lucan, who was a passenger from the North on the *Asahi Maru*, which arrived here yesterday morning and sailed for Europe at five o'clock, reported to the police yesterday evening that while ashore he had lost a wallet containing no less than \$107.76. Mr. Lucan, who missed catching the ship before he sailed, was en route to England. He could not state at what time or where he lost the wallet.

Reports have been appearing during the past week in the local press relative to the earthquake shock in Manila, and the disastrous tornado which swept the two neighbouring provinces of Batangas and Laguna. This tornado devastated the areas over which it swept, causing the loss of hundreds of lives and rendering thousands homeless. The damage done to property is estimated at \$10,000,000. In view of the fact that relief funds are being raised in Manila, and throughout the Philippines to aid the victims, the Filipinos in Hongkong have decided to help their countrymen by opening a relief fund among themselves, the proceeds of which will be later sent to Manila. The amount collected so far is \$1,000.

QUEEN'S ROAD DANGER.

OLD FIRE BRIGADE BUILDING UNSAFE.

TENANTS EVACUATE PREMISES.

A block of buildings at the corner of Queen's Road Central and Wellington Street formerly occupied by the Hong Kong Fire Brigade, but now comprising shops and tenement dwellings has been condemned as unsafe and all the occupants have evacuated their premises. A verandah pillar cracked on Friday night, and bricks crumbled away. The alarm was given and the inmates of the upper floors rushed pell-mell into the street. Shoring operations were immediately begun by F.W.D. men. All the houses and shops are now empty. The building is reputed to be 60 years old, dating back to the time of the early British occupation of the Colony.

ATTEMPTED ROBBERY

FRUSTRATED.

WOMAN'S CRIES SCARES OFF INTRUDERS.

How some would-be robbers were scared off by woman's cries of "arrest them, they are robbers," is brought to light in a report which was made to the Police yesterday.

It appears that about one o'clock yesterday afternoon, a Chinese lady, living on the ground floor of No. 235, Nathan Road, Kowloon, was aroused from sleep by an amah, who informed her that some strange men were in the house. On going out to see who they were, she saw four men talking to three of her amahs. The men, on being questioned, said they had come to whitewash the house. As they did not have the appearance of workmen, the occupant of the floor became suspicious and called to the amahs "arrest them, they are robbers." The men put their hands under their jackets, but did not produce any weapons. The occupant again called out "they are robbers, arrest them," and with this the intruders took flight and bolted. The lady in question ran after them, and shortly afterwards one of the four men was arrested by a detective. The complainant, who had kept him in sight until the time of his arrest, identified him as one of the intruders.

The arrested man will probably appear at the Kowloon Magistracy this morning.

YESTERDAY'S ACCIDENTS.

SERIOUS INJURIES CAUSED.

Several traffic accidents were reported to the Police yesterday, all of them having occurred during the day.

In one case it was reported that a Chinese woman, aged 27, address unknown, was knocked down by a motor-cycle, ridden by Mr. B. C. Randall, of Messrs. Benjamin & Fooks, while she was crossing the road at Caine Road at 8.30 a.m. She was removed to the Government Civil Hospital, where she was detained suffering from serious injuries, including a severe scalp wound and internal injuries.

A Chinese girl, aged six years, was knocked down in Des Vaux Road Central, early in the afternoon, by a motor-car belonging to the United States Navy, and used by Admiral Williams, of the U.S.S. *Huron*. It was driven by W. Glasgow. The girl, who had injuries to her legs, was admitted to the Government Civil Hospital.

Three Chinese were also admitted to the same hospital yesterday suffering from scalds. It appears that a Sanitary Department lorry was being driven near the Western Market through a narrow thoroughfare, when it collided with a stall at which the three men were partaking of a meal. The stall was knocked over, and some hot food went over the men.

CAPTAIN HELD FOR RANSOM.

[THROUGH REUTER'S AGENCY.]

HANKOW, November 21st.

The N.K.K. *Sinking Maru* from Hankow on Wednesday was pirated near Chichianwan yesterday by a number of men in uniform. Meeting with a fusillade from the shore, the captain, presuming that the military wished to search the steamer, dropped anchor, whereupon a party boarded the ship, and demanded \$13,000.

The captain protested that there was no money aboard, whereupon the raiders searched the compartments, quarters and the passengers' cabins, securing money and valuables amounting approximately to \$13,000. The pirates then took the captain ashore, holding him for a ransom of \$10,000.

The matter is being vigorously taken up by the Japanese authorities, and it is expected that a gunboat will leave to-day for the scene of the outrage.

SHANGHAI, November 21st.

It is learned from a reliable source that as the result of the Tientsin conference, Marshal Sun Chuan Fang will cease to be a super-Tuchun and will be Tupan only of Chekiang. DOMINION STATUS.

IMPORTANT SUGGESTIONS PUT FORWARD.

CHANGES IN THE KING'S TITLES.

FUNCTION OF GOVERNORS-GENERAL.

[THROUGH REUTER'S AGENCY.]

LONDON, November 21st.

The first results of the Imperial Conference discussions on constitutional issues have been published in the form of a long comprehensive resolution adopted yesterday defining inter-Imperial relationships and laying down that "Britain and the Dominions are autonomous communities within the British Empire equal in status and in no wise subordinate one to another in any aspect of domestic or external affairs, though united by a common allegiance to the Crown and freely associated as members of the British Commonwealth of Nations."

In view of Ireland's new position as a Dominion, the committee recommends that the title be changed to "George V. by the grace of God of Great Britain, Ireland and the British Dominions beyond the Seas, King Defender of the Faith, and Emperor of India."

Furthermore Governors-General of the Dominions, in consequence of the equality status are representatives of the Crown and not representative or agents of His Majesty's Government. Therefore the recognised official channel of communication in future will be between government and government direct, and the Governor-General will be kept as fully informed as the King of cabinet business and public affairs.

Happy Augury for the Future.

The unanimous adoption by the Imperial Conference of report of the Inter-Imperial Relations Committee is widely welcomed here.

The *Daily News* describes it as the crowning achievement of the Conference and a happy augury for future Imperial unity.

Mr. Bruce, the Australian Premier, expressed the view that no previous Imperial Conference had done so much to help forward unity and to place the Empire upon an even firmer foundation. Its work would promote the happiness and prosperity of peoples scattered over the world, helping towards economic reconstruction and the well being of all nations. He was convinced they had reached a point at which they had always aimed, namely treating the British Empire as one great unit but with special relationship to different parts that had never existed before.

INTER-IMPERIAL RELATIONS.

IMPORTANT POLITICAL ISSUES.

RUSS, November 19th.

The Imperial Conference this afternoon unanimously passed the report of the Inter-Imperial Relations Committee upon which the Prime Ministers have been engaged almost continuously for the past month.

The important political issues referred to by this committee included those of Dominions status, the relations between the various parts of the Empire, the relations with foreign countries, the system of communication and the problem of securing closer consultation between Britain and the various Dominions and India.

These matters have been examined in the closest detail with the assistance of legal and other experts, under the chairmanship of Lord Balfour, for whose services the conference to-day expressed deep appreciation.

A session of the conference was also held this morning when several committees reports were approved. A further meeting to receive the outstanding reports will be held on Monday.

At the conclusion of Tuesday's final meeting of the conference, a report on the whole proceedings will be published.

Report Welcome.

RUSS, November 20th.

The unanimous adoption by the Imperial Conference of the report of the Inter-Imperial Relations Committee is widely welcomed here.

The *Daily News* describes it as the crowning achievement of the Conference and a happy augury for future Imperial unity.

COAL DISPUTE.

LATEST DEVELOPMENTS.

STRUGGLE OF EXTREMISTS AND MODERATES.

AGREEMENTS BETWEEN OWNERS AND MINERS.

[BRITISH WIRELESS SERVICE.]

RUSS, November 19th.

When the Miners' Delegate Conference assembled to-day it was announced that the majority against acceptance of the Government's proposals for settlement was 147,600. The vote for acceptance was 313,200 and against 460,800.

After some discussion, the conference adjourned to enable the Executive to consider the situation, and if possible to frame a recommendation to the conference.

The Executive's deliberations lasted 21 hours and upon returning to the delegate conference, it is understood that the Executive recommended that a free hand should be given to the districts to make the best settlement possible.

The Delegate Conference then further discussed the position.

There were 10,344 more men working in the pits to-day, bringing the total up to 376,374.

Instructions to Districts.

RUSS, November 20th.

By a card vote a majority of 216,000 at the Miners' Delegate Conference yesterday instructed the districts to negotiate immediately with local coal owners. This decision implies the abandonment of the effort to obtain a national settlement, although the districts are told not to conclude final agreements before discussion by a further Delegate Conference.

The Executive to-day are considering what general principles should guide the district organisations in their negotiations.

LATER.

The Delegate conference adjourned until November 26th after formulating recommendations upon which district settlements will be reached, notably, firstly, a division of a net profit in a ratio of 87 and 13 per cent; secondly, payment of subsistence wages identical with those in force during 1916 and thirdly, agreements terminable at one month's notice.

Districts to Negotiate with Owners.

RUSS, November 20th.

By a card vote majority of 216,000, the Miners' Delegate Conference yesterday instructed the districts to negotiate immediately with the local coal-miners. This decision implies an abandonment of the effort to obtain a national settlement, although the districts are told not to conclude final agreements before revision by a further Delegate Conference.

The executive to-day are considering what general principles should guide district organisations in their negotiations.

No Vote for Men at Work.

LONDON, November 19th.

The figures of the voting were announced at the national conference of the Miners' Federation, held in private. The result was obtained by voting at lodge meetings, mostly by a show of hands, while the men who have resumed work were not allowed to vote.

In the debate on future policy to-day, the left-wing delegates advocated continued resistance, but the moderates did not conceal their belief that extremist tactics would wreck the Federation, and complained at the interference of left-wing propagandists in the districts during the voting.

Eventually the Conference adjourned to see whether the executive was able to make any recommendation. The Executive then had a two-and-a-half hours' discussion.

Mr. Cook for Russia.

It was decided to send Mr. A. J. Cook to Russia in December, on the invitation of the Russian Trade Union Congress.

District Settlements.

LATER.

After its meeting, the Executive recommended to the Miners' Conference that the districts should negotiate settlements on the best terms possible.

The Conference divided into groups to consider their recommendation, to which Scotland and South Wales were chiefly opposed.

Saving "National Principles."

Prior to adjourning the Delegate Conference carried a resolution, moved by South Wales, recommending all the districts immediately to open negotiations with coal-owners in their respective districts with a view to arriving at agreements, but no district to enter on a final settlement until a national conference has been held to receive reports of all the negotiations.

The Executive is to meet to-morrow to decide the national principles which the districts shall endeavour to incorporate in the settlements.

10,000 More.

LONDON, November 19th.

There were 376,374 miners working to-day, this being an increase of 10,344.

Important Agreement between Owners and Miners.

LONDON, November 21st.

Nottingham coal owners and miners have concluded a five-year agreement providing for the establishment of a district wages board consisting of equal numbers of employers and workers representatives, the chairman periodically to adjust in accordance with the results of the industry in the district, the minimum wage to be 7/11 a shift in a 7 1/2 hour day. This agreement is important because it may pave the way to similar settlements in other districts.

MANDATED TERRITORIES.

VIEWS OF BRITAIN AND DOMINIONS.

[BRITISH WIRELESS SERVICE.]

RUSS, November 20th.

A memorandum expressing the views of the Governments of Great Britain, Australia, New Zealand, and South Africa upon the compilation of annual reports on the Mandated Territories and the hearing of the petitioners is published.

The memorandum expresses the view that there are very grave objections to the grant of any form of audience by the Advisory Commission of the League to petitioners who either are themselves inhabitants of territory administered under mandate or are petitioners on behalf of such inhabitants.

The memorandum also submits that the list of 330 questions to the mandatories proposed by the Mandates Commission far exceeds what is necessary to the Commission or what is compatible with the intention of the covenant and rules approved by the Council.

It is added that the mandatory Governments of the British Empire have shown themselves anxious at all times to afford to the Commission all information that is material to the discharge of its responsible duties, but that this purpose would be amply secured for the future if the list of questions were limited to its sub-headings and extreme minutes under sub-headings were omitted.

The memorandum concludes with a repetition of the British Government's appreciation of the attention and devotion with which the Mandates Commission has discharged its task and an expression of hope that the Commission will not see in these observations any unkindly or deprecatory intention.

POPULATING THE EMPIRE.

FREE PASSAGES FOR EMIGRANTS.

RUSS, November 19th.

The question of Overseas Settlement is exhaustively examined in the report of the committee, and an Imperial Conference resolution to-day approving the redistribution of the white population of the Empire to the best interests of the whole British Commonwealth is one of paramount importance, especially as between Britain, on the one hand, and Canada, Australia and New Zealand on the other.

Satisfaction is expressed that the desired redistribution of population is being accelerated by the policy consistently pursued since its acceptance by the conference in 1921, and the view of that conference that the policy should be a permanent one is endorsed.

Mass Movements not Possible.

The conference recognises that it would be impracticable owing to financial, economic and political considerations to promote mass movements of population, but it is satisfied that by the continuous adherence to the present policy it should be possible steadily to increase the flow of population to those parts of the British Commonwealth where settlements are not needed for development and general security, and where they will find the greatest opportunities.

The report points out that a successful policy of overseas settlement must be accompanied by the provision of adequate marketing facilities for the settlers' produce.

It particularly urges that steps be taken to stimulate the demand for Empire products within the Empire and in world markets.

Easy Passages.

Regarding the passages agreement under which in the present year Canada received nearly 10,000 assisted migrants, and which is to be renewed with certain amendments for two years, the Australian representative agreed to recommend free passages for women accepted as domestic workers.

Free passages for approved boys and girls and single women and passages for 211 for all other approved emigrants to New Zealand have been agreed upon. Southern Rhodesia is considering co-operation with Britain for reduced passages there.

Canada's 3,000 families' scheme has proved a conspicuous success, and there was general agreement in the committee that this form of settlement should become permanent features of the joint Overseas Settlement policy of the Governments of Britain and Canada.

Measures to ensure the success were approved under the Anglo-Australian £24,000,000 scheme for assisting 1,000 families to settle there in a period of four years.

BRITISH FILM INDUSTRY.

IMPERIAL CONFERENCE SUGGESTIONS.

RUSS, November 19th.

The report on the exhibition within the Empire of Empire cinematograph films, which was approved by the Imperial Conference to-day, recommended, with a view to correcting the present preponderance of foreign films, that the following remedial measures be considered by the various Governments:

Effective Customs duties on foreign films, whether accompanied by a change in the basis on which duties are payable or otherwise.

Ample preference or free entry for films produced within the Empire.

Imposition of requirements as to tenting or exhibition of a minimum quota of Empire films.

REVOLUTION IN MEXICO.

COMMISSION, ON BRITISH CLAIMS.

[REUTER'S AMERICAN SERVICE.]

MEXICO CITY, November 21st.

A convention concerning the outstanding claims between Britain and Mexico has been signed, similar to the American-Mexican Convention, and provides for the appointment of a commission to settle British citizens' claims for damages in revolutions between 1910 and 1920.

Strength of Nicaraguan Revolutionaries.

LATER.

The revolutionaries are headed by Sandoval, a Liberal lawyer, who sailing to Puerto Barrios in Guatemala to bring back Dr. Sacasa, the ex-Vice-President of Nicaragua to Puerto Cabezas in order to establish a Liberal Government. U.S. AND MEXICO.

AMERICA'S INTERVENTION IN NICARAGUA.

WASHINGTON, November 20th.

The statement of Mr. F. Kellogg, Secretary of State, with regard to Nicaragua has brought to the forefront the burning question whether the United States or Mexico have the predominance influence in Central America.

Whilst at present no decision has been reached in regard to President Diaz's invitation, it is understood that Mr. Kellogg will first endeavour to induce the Nicaraguan Liberals, who are said to have the support of Mexico, to co-operate with the new Conservative Government. If he is unsuccessful, it is suggested that the United States should lend Marines in order to assist President Diaz to restore a stable government in Nicaragua whose disturbed state is claimed to be due to Bolshevik agencies in Mexico, and the ambition of the Calles Government to increase its sphere of influence to the South.

Ex-President Oregon, in summing up Mexico's point of view, declared, in an interview, that it was astounding that Nicaragua should ask the United States to intervene "when the United States is openly violating the sovereignty and dignity of Nicaragua."

United States Democrats hint at dollar diplomacy and pan-Americanism. In the meantime, Mexico's attitude is doubtful, since she is hampered by the dispute with the Catholic Church, the rising of Yaqui Indians, and numerous minor revolutionary plots.

TRADE IN DRUGS.

SENSATIONAL DISCLOSURES.

OTTAWA, November 20th.

Giving evidence before the Customs Inquiry, Inspector Cowan, of the Dominion Health Department, alleged that a highly-placed Canadian was making millions of dollars by supplying narcotics to unfortunate addicts.

It was, however, impossible to obtain sufficient evidence to prosecute him as he went abroad and negotiated the illicit importation into Canada of 100,000 ounces of narcotics for which he paid less than 810 per ounce and subsequently retailed it in Canada at prices ranging from 8150 per ounce. The drug business was in the hands of an international ring, consisting of highly-placed men in Britain, Canada, the United States, and Germany.

Witness added that there were 450 traffickers deported from Canada during the past five years, and several shipments of drugs from Japan had been intercepted at Pacific Ports.

U.S. MURDER TRIAL.

34 WITNESSES.

SOMERVILLE, November 20th.

After hearing 34 witnesses for the prosecution in the Hall-Mills murder case, the prosecution has been closed.

Counsel for the defence are now endeavouring to prove that Mrs. Hall and her brother had nothing to do with the murder and that they were not aware of the pastor's love affair.

THE SHANGHAI TEAM
AT KOWLOON.

CLOSE MATCH.

ANOTHER FINE INNINGS BY
BARRETT.

The hospitality of the Kowloon Cricket Club is proverbial, and on Saturday it was extended in most lavish form to a good many visitors. The Hong Kong Interport side were invited and a good many other cricket enthusiasts—among them your poor scribe—and it was a large and cheerful gathering that sat down to a bountiful repast under the presidency of Mr. R. E. Lindell who was faced by Mr. Abrahams, the Vice-President of the Club, at the other end of the board. Doubtless intended as a delicate compliment to one of their guests, the large plates of lettuce—culled from the noted Club Garden—were set forth and were in much demand. Mr. Robinson is to be congratulated on the results of his labours in the growing of vegetables. I shall now know where to look in for a bit of food if hungry.

The cricket was very enjoyable, and while no one actually made an enormous score, practically all of the home men did well. The match was played 12 a side, eleven only to field. The most spectacular feature of the innings was Goodwin's hard hit 22, and it is rumoured Isaac is thinking of taking out an injunction in respect of his batting style—(mutatis mutandis). There is always the same cheerful uncertainty as to whether the ball is going to be hit, and if hit, as to its final destination.

In the Shanghai innings it was again shown how much they depend as a batting side on Barrett. But for him they would have very possibly lost the game. It is true he was out about the eighties, caught off his wrist—but that and a very hard chance indeed to Ramsey at mid-off were the only blemishes on a fine forcing innings. Goodwin bowled well, though he did not get a wicket (he should have had Donald Leach in the first over) and Lyle was altogether more convincing than he is on the Club ground. He still, however, has the failing of curling up a bit if hit for four, and dropping them short. Lightfoot had no success but Captain Morris's slows got a couple of wickets, really three. I was rather surprised that E. F. Fincher was not given a chance with the ball.

Just one word on the ground. I think it is the prettiest here, and certainly the jolliest from which to watch a cricket match. The railed ground at the Victoria end gives a splendid picture of vantage, and it is a thousand pities that uncertainty of tenure prevents the Club from building their new Pavilion there (or indeed anywhere).

The home side won the toss and opened on a good wicket. Lyle and Fincher gave them a good start, though the latter never seemed confident and edged one easily to Barrett at slip off Leach. Lyle was well taken by Dr. Morris in the deep field, but Lawrence played free and attractive cricket until he was well held by Goldman at deep mid-wicket for 27 in which he hit four fours. Mitchell made a bad stroke and was caught by O'Hara at mid-off, and Morris was run out. He was rather unlucky as it was close and the ball actually hit the wicket from the throw in. With 7 down for 123 things did not look too rosy, but Fincher in his first over stopped in with Duncan until time, and again a nice cricket for the score was 176. He played a nice cricket for his 32, but was slow. Duncan played some nice shots, and showed much restraint in dealing with Barrett's slows. He waited and drove them along the ground, but Goodwin treated the spectators to some hard hitting, swiping Leach for six into Cox's road and then taking 3 fours off his next over. At 204 for 9 wickets Lyle declared.

The start of the Shanghai innings was sensational. Leach hit Goodwin nicely past extra cover for four in the first over but a ball later put one straight into second slip's hands, which Bevis, usually a safe catch, dropped! Next over Divercha put a short one from Lyle straight into Duncan's hands at point. But there for a time success stopped. Barrett never looked like getting out, driving and hitting leg beautifully. Leach was bowled at 43 by a good one from Lyle which just touched the off stump. Dr. Morris then proceeded to stay with Barrett until the game was safe. The scoring was slower but both played good cricket, until the Captain bowled the Doctor (a somewhat patriotic proceeding) with one that the batsman just touched.

The light now began to fail rather early, and Barrett was given not-out—the ball hitting him on the wrist. The umpire thought it was higher. It made little difference, however, as shortly after Barrett went down the pitch to Lyle and was easily stumped by Lex.

The remainder of the innings was dull, as the batsmen obviously were troubled by the light—a fact caught by Mitchell in the deep being the only outstanding feature. At 130 (5.05 p.m.) the stumps were pulled and it was admitted that the Shanghai team were obviously tired after their long week's cricket and their bowling was good though Kowloon played uncommonly well, and it is a great pity Braces could not turn out.

After the match Mr. Lindell proposed the health of the Shanghai team. He called that he had umpired two years before when Mr. Billings brought his

team to Kowloon. The wicket keeper (It was Sidney Deakes I fancy) appealed a lot, and received an answer in the negative every time. When asked why he appealed so much, he replied: "Oh, I just like to hear that umpire's voice." Mr. Lindell went on to congratulate Shanghai on their successes and referred to the fact that Kowloon retained their flag. Captain Barrett replied in a few well chosen words, concluding that no one could doubt the Hong Kong hospitality. The Shanghai team showed it in their faces!

By the way the Kowloon flag did go to Shanghai after all. But that is another story, which wild horses shall not drag from me.

FINAL A.D.C. PERFORMANCE.

INTERPORT CRICKETERS ATTEND.

The concluding performance of the Hong Kong Dramatic Club's successful week at the Theatre Royal took place on Saturday night. There was a fairly full house, and the audience included the interport cricketers, who thoroughly enjoyed the "Dramatic Medley" presented.

At the close of the performance the artists received many handsome bouquets. Members of the Shanghai team afterwards attended the dance held at the Craigengower Cricket Club.

FOUR LEAGUE MATCHES.

BALHATCHET SCORES FIRST CENTURY.

The League matches on Saturday saw the unexpected defeats of the Hong Kong Cricket Club, Royal Engineers and Signals, and the Royal Artillery in the first division.

Balhatset had the distinction of scoring the first century in League matches this season, carrying his bat right through the University innings for 122 not out. Rumjahn, the captain of the side, took 7 wickets for 25 runs. Reed and Sling (Civil Service) also did well with the ball. The Hong Kong Cricket Club went down unexpectedly to the Chinese Recreation Club and also lost their second division match to the R.A.O.C.

The scores follow:—

SHANGHAI TEAM'S DEPARTURE.

Shanghai's Interport Team left Hong Kong yesterday morning in the President Pierce. They crossed from Blake Pier by launch shortly after 9 a.m. A party of friends, including Mr. and Mrs. T. E. Pearce, Mr. and Mrs. A. W. Hayward, Mr. and Mrs. Donald Leach, and Messrs. Richard Hancock, J. D. Huxley, J. A. Ramsey, and E. W. Hamilton saw them off.

When the seeing-off party was forged regretfully to leave the ship they continued their farewells from the wharf, and as the vessel began to move away at 10 a.m. sharp, "Auld Lang Syne" was sung, and hearty and lusty cheers went up.

WEEK-END YACHTING.

THE FOURTH CHAMPIONSHIP RACE.

YESTERDAY'S EVENT BETWEEN NAVY AND CLUB.

There was a full yachting programme on Saturday and yesterday. On the first named day the fourth championship race was decided, and yesterday was Naval Day, there being three races during the afternoon for the different class boats, between the Yacht Club and the Navy. In connection with Naval Days this season, there will be three races in all, points being awarded for each. The flag will be awarded at the conclusion of the third race of the series to the side which has obtained the most points, and not as last year handed over on the decision of one race.

To-day there will be the second championship race for the ladies. The first race of the series, which was postponed last week on account of bad weather, will be sailed later on in the season.

Saturday's Race.

Twenty-two boats turned out in the three racing classes of the Royal Hong Kong Yacht Club's fourth championship race on Saturday afternoon. The weather was good, and the wind was blowing east, force 1, which was even lighter than that of last week. The course taken was to Quarry Bay mark, Kowloon Rock, Channel Rocks, and the Club line, covering a distance of 8.33 miles.

The results and points to date are as under:—

HANDICAP CLASS.

Rolla (Mr. N. Croucher) 1st, 27 points; Dorothea (Mr. C. J. Grist) 2nd, 22 points; Diana (Surgeon Brown) 18 points; Diana (Mr. A. Shields) 18 points; Colleen (Mr. Jack) 18 points; Argulla 11 (Mr. H. Pearce) 12 points; Falcon (Miss Shaw) 6 points.

GAL CLASS.

Daphne (Mr. G. Fling) 1st, 28 points; Ailes (Comdr. Ratsey) 2nd, 28 points; Halsey (Mr. W. D. Russell) 3rd, 27 points; Gael (Mr. E. S. Parker) 24 points; Joan (Mr. R. Sutherland) 21; Thecla (Lt.-Comdr. Leveson-Gower) 19; Pierrette (Lt. Vereker) 16.

HEAVYWEIGHT CLASS.

Bluenose (Mr. F. Oliver) 1st, 35 points; Why Wonder? (Mr. H. Rouse) 2nd, 33 points; Adele (Mr. T. Yaux) 3rd, 31 points; Boojum (Mr. H. B. Gunn) 27 points; Zephyr (Mr. G. Vernal) 25; Adanae (Mr. De'Alb) 13; Sealark (Mr. Nicholson) 13.

The Naval ships in the harbour have organised a Championship race of service boats during the season. Fifteen boats started but due to the very light wind only two finished, these being:—Hermes and Galley (Eng.-Comdr. Villar). 1st, and Despatch Galley (Capt. La Motte) 2nd. The races will take place once a week.

A DRIFTING RACE.

YACHT CLUB DEFEATS NAVY.

The first of the series of races between the Royal Hong Kong Yacht Club and the Royal Navy was sailed yesterday and resulted in an easy win for the Club by 53 points to 28. The Navy lost in all three classes.

The weather was not favourable for sailing, there being scarcely any wind, and the race was merely a drifting match. The course was from the Club to Lyman Beacon, Kowloon Rock and back to the Club House, a distance of 8.2 miles.

Detailed results were as under:—

RACING NOTES.

[By RAPIER.]

Training.

There was a fair crowd round the rails at Happy Valley on Saturday morning including Mrs. Austin, Mr. and Mrs. R. J. Paterson, Messrs. F. C. Hall and P. Tester. Mr. Ho Kom Tong came down to see his griffin, named Marble Hall, measured. Mr. Ho Kom Tong has several other ponies coming down from the North, I understand. His stable will be a welcome addition to local racing and I am sure he will find the Club officials very helpful and only too willing to place at his disposal the benefit of their experience. Mrs. Paterson also had a griffin named "Wowser" measured. The grass course was opened and the following are a few of the times taken:

The Gomeril (boy), 14 miles: 41, 1.24.2, 2.02.2, 2.40, 3.16, 3.47.3; last quarter 31.3.
Brigade Call (Gordon), 14 miles: 37.4, 1.14.3, 1.52.1, 2.31.2, 3.05.4, 3.37; last quarter 31.1.
Lady Luck (Rosa), 14 miles in 4.06; last quarter 31.3.
Grey Knight (Grant), 14 miles: 38.3, 1.13, 1.52.3, 2.23.4, 3.03, 3.36; last quarter 31.3.
Gezzer (boy) and Gnome (boy), 3 miles: 34.3, 1.06.3, 1.39.4. Gnome an easy winner. Last quarter 30.1.
Grey Streak (Gordon), 3 miles: 34.2, 1.09.2, 1.40.2; last quarter 31.

Handicaps.

Hitherto the Handicaps have been so very good that I am at a loss to understand why they have suddenly become equally bad. I have already drawn attention to Harley Grass' absurdly light weight in "B" Class. September on the other hand is much too severely dealt with and John Smith's promotion to "A" Class seems unwarranted. The weights, however, in the one mile handicap are ridiculous as no one can ride at anything like 118 lbs. and it is doubtful if there is a Jockey here who can go out at under 141 lbs. There are nine ponies under this latter weight, and it means they get no advantage from the difference in their weights. In Shanghai, I believe the handicaps are worked up from 145 lbs. Verb sap. Attabooy (late Fantastic Dahlia) at 175 lbs. is rather a joke but I have no doubt owners will sort out their ponies into suitable races and help to mitigate the Handicapper's mistakes.

Jockey Club Meetings.

Owners and subscribers are reminded of the meeting to-day at the Jockey Club room at 12.30 when it is expected that the date for the annual meeting will be definitely fixed.
